## **CE Course Criteria**

Prior to taking a course, licensees are encouraged to confirm the course has been approved by the Board or NAB. ## **CE Reporting**

### **Licensees**

All licensees are provided a free CE Broker Basic Account and may activate the account by visiting <https://cebroker.com/sc/plans>. Licensees are responsible for ensuring their courses are reported accurately and maintain tracking of their CE completion.

For NAB-approved courses, licensees may submit the course directly in CE Broker. Course verifications must include the date of the course, provider's name, course title, CE hours earned, and proof of NAB approval. A formal certificate or documentation of attendance is required for approval. A handwritten list of courses does not suffice as 'official documentation of attendance,' nor does a copy of a registration badge, a meeting program, or a cancelled check.

Non-NAB-approved courses may be submitted via CE Broker by completing the CE Course Application – Administrator Submission. Application must include course promotional materials, course schedule showing clock hours, abbreviated vitae of all faculty, copy of certificate of attendance, and \$15.00 processing fee. If approved, licensee will be notified within the CE Broker system.

## **CE Sponsors**

Sponsors seeking Board approval of courses must submit the CE Course Application – Sponsor Submission within the CE Broker system. Providers may register as a CE Broker Provider at <https://cebroker.com/providers>.

## **Audit**

The Board may, at any time, randomly audit an individual or a percentage of licensees to determine compliance with CE requirements. Upon notice of such audit, licensee will be given thirty (30) days in which to provide satisfactory proof of compliance. A licensee who fails to provide satisfactory proof of compliance or fails to respond to an audit request is deemed non-compliant and may result in disciplinary action by the Board. The Board may, in its discretion, grant licensee an extension in which to comply. A CE audit conducted during the course of an investigation is considered part of the investigation and does not fall under this policy.
